## Etiquette Courtesy on the Course

1. If someone else is playing from the tee, do not tee your ball until he has played.
2. Always stand still when another player is playing. Do not talk.
3. Be ready to play when it is your turn.
4. When you are playing slowly or looking for a lost ball, ask the group behind you to play through, so you do not slow everyone down.
5. Write down scores on the way to the next hole, not on the green you are leaving.
6. Never take more than one practice swing, if any

## Best Tips (You've Never Heard)

By A.J Bonar With Ryan Noll

### HIT YOUR HYBRID LIKE A 6-IRON

#### HIT DOWN WITH THE TWO-BALL DRILL

If you don't know the right way to hit a high-lofted fairway wood or hybrid, look no further than your 6-iron.

That's right, your 6-iron. High-lofted woods and hybrids actually are designed to strike the ball with a descending blow, not a sweeping or ascending one that you need with a driver or fairway wood.

Mentally, this is a tough obstacle to get past, but with this simple drill, you'll ingrain not only the proper visual, but also the right feel for hitting down on the ball with a club that's not an iron. First, set up a shot as you normally would, with the ball slightly forward of position a second ball, or two behind the ball out hitting the golf ball make a few practice hit a few shots. This drill steepens your tively hit down and into golf ball. In no time,

center. Back off the shot, and this time on a tee about a foot as I've done here. Then, with- behind the ball on the ground, swings and then go ahead and swing so you can more effec- the turf after contact with the you'll see better results!
